Making Good.

There is no way of making leating friends like "Making Good;" and Doctor Pierce's medicines well exemplify this, and their friends, after more than two decades of popularity, are numbered by the hundreds of thousands. They have "made good" and they have not made drunkards.

A good, honest, square-deal medicine of known composition is Dr. Pierce's Golden Medical Discovery. It still enjoys an immense sale, while most of the preparations that have come into prominence in the earlier period of its popularity have "gone by the board" and are never more heard of. There must be some reason for this long-time popularity and that is to be found in its superior merits. When once given a fair trial for weak stomach, or for liver and blood affections, its superior curative qualities are soon manifest; hence it has survived and grown in popular favor, while scores of less meritorious articles have suddenly flashed into favor for a brief puriod and then been as soon forgotten.

For a torpid liver with its attendant

for a brief period and then been as soon forgotten.

For a torpid liver with its attendant indigestion, dyspepsia, headache, perhaps dizziness, foul breath, nasty coated tongue, with bitter taste, loss of appetite, with distress after eating, nervousness and debility, nothing is so good as Dr. Plerce's Golden Medical Discovery. It's an honest, square-deal medicine with all its ingredients printed on bottle-wrapper—no secret, no heous-pocus humburg, therefore don't accept a substitute that the dealer may possibly make a little bigger profit. Insist on your right to have what you call for.

Eavorite Prescription.

L'ke Mosts of old, Rev. Charles Pord, a Holiness preacher, called down a piague on Bokhoma, Oklshoma, in the form of a drought. As if in answer to his public prayers, scarce a drop of rain has fallen at Bokhoma for six months, until Saturday when the minister prayed for the drought to end.

The initial prayer was made after Rev. Mr. Ford had been denied a sum of money, which he claimed as bock wages from the Frisco Lumber Company. Dursing as was paralized

ger profit. Insist on your right to have what you call for.

Don't buy Dr. Pierce's Favorite Prescription expecting it to prove a "cure-all." It is only advised for woman's special allments. It makes weak women strong and sick women well. Less advertised than some preparations sold for like purposes, its sterling curative virtues still maintain its position in the front ranks, where it atood over two decades ago. As an invigorating tonic and strengthening nervine it is unequaled. It won't satisfy those who want "booze," for there is not a drop of alcohol in it.

Dr. Pierce's Pleasant Pellets, the origi-

of alcohol in it.

Dr. Pierce's Pleasant Pellets, the original Little Liver Pills, although the first pill of their kind in the market, still lead, and when once tried are ever afterwards in favor. Easy to take as candy—one to three a dose. Much imitated but never equaled.

ANOTHER ELIJAH.

ing the drought, business was paralyzed and hundreds of men moved their families, that were in actual want, to other paris of the state.

Rev. Mr. Ford's congregation at Bok-homa is small and in addition to his pastoral duties be worked at the mill of the Frisco Lumber Company. Six mouths ago, last Saptember, the pastor resigned his position at the mill and said he had not received all the salary that was due him. He then announced his intention of asking the Lord to withhold rain from this locality indifinitely. The following Sanday he made his prayer from the pulpit.

Within a radius of 50 miles of Bok-boma rain was plentiful on every side. The Red river and Little river, which

The Red river and Little river, which run through adjoining counties, were brimful throughout the drought, but the nesrest to a rain Bokhowa got was a thunder storm and a darkened sky.

The water supply gradually grew less, and the mills shut down. At the end of three months the big pond which supplied water for the lumber company was as dry as tinder, and the plant was shut down. When the workmen's famsbut down. When the workmen's fam-ilies began to suffer, the minister an nounced that he would pray for enough rain to enable the mills to resume operations a week.
In answer to his supplication, a heavy

rain fell that night and continued throughout the next day. The mills started up and worked just eight days pefore the supply sgain gave out, and operations crased.

In his farewell sermon Rev. Mr. Ford told his congregation he would pray for rain as soon as he had crossed the river into another county and bade them prepare to return to work. The next morning, Saturday, he took his departure, and three hours after he left

CLICK RESTORES MEMORY.

The strangest case of aphasia in medical records has been solved in Milwaukee. William Childs, aged 35 years, son of George William Childs, jr, of Booklyn, after having been mourned as dead for two years, suddently recovered his memory when he heard the click of a photographer's camera. He remem-bered that he was fermerly a dealer in photographic supplies. Two years ago something enapped, as he says, in his head, and where he has been since then no one knows. A week ago he app ared in Milwankee and begged the county authorities to find out who he was. They could not help him until the camera s'utter brought him once more to himself.
